CAPABILITY STATEMENT

Built to Last

Proudly Aboriginal owned, delivering residential, commercial and government projects with reliability, quality and care.

Aboriginal Owned

ISO Certified

NSW & QLD

Bidjigal Construction Group

COMPANY SNAPSHOT

Who we are

Bidjigal Construction Group is a proudly Aboriginal owned construction company built on strong cultural foundations, practical construction experience and a commitment to delivering quality outcomes.

Our Story

Leadership is drawn from the Bidjigal people of La Perouse, part of the wider Eora Nation and traditional custodians of the Sydney region. This connection to Country shapes the way we operate.

Our Approach

We combine hands-on delivery experience, robust project management and reliable subcontractor coordination to deliver safe, well-managed projects.

Our Direction

We are focused on building a strong, adaptable company that creates long-term opportunities and meaningful outcomes for clients, communities and partners.

Our Sectors

Residential, commercial, fit-out, refurbishment, remedial works, maintenance and general building services.

We acknowledge the Traditional Custodians of the land we work on, the Bidjigal People of the Eora Nation, and pay our respects to Elders past, present and emerging.

OUR CAPABILITIES

Services BCG can deliver

BCG delivers a practical range of residential, commercial, fit-out, refurbishment, remedial works, maintenance and general building services supported by an experienced team and disciplined project controls.

Commercial Construction

Fit-out, refurbishment, retail interiors and commercial building works.

Government Projects

Structured delivery, reporting, compliance-focused project management and stakeholder coordination.

Residential & Mixed-Use

High rise and medium rise project management, renovations, extensions, kitchens, bathrooms, roofing and high-quality finishes.

Remedial Works

Remedial works, make-safe, façade upgrades and defect rectification.

General Maintenance

Planned and reactive maintenance, minor works, building repairs and site support.

Project Coordination

Subcontractor management, programme control, RFIs, QA inspections and close-out records.

DELIVERY METHODOLOGY

Practical and collaborative project delivery

Our delivery approach is built around planning, mobilisation, controlled execution, documentation and close-out.

01

Plan

Review scope, documents, risks, programme and site constraints.

02

Mobilise

Confirm team, subcontractors, WHS, site setup and communications.

03

Deliver

Coordinate daily works, safety, quality, programme and stakeholder updates.

04

Control

Use Procore, inspections, RFIs, defects and close-out records.

05

Handover

Final inspections, quality records, defects close-out and handover evidence.

HSEQ & PROJECT CONTROLS

ISO-certified systems and project records

BCG operates under an ISO certified HSEQ Management System supported by the HSEQ Management Manual, core policies, SWMS library, forms/registers, site management plans and Procore-based project records.

ISO-certified HSEQ

ISO 9001, ISO 14001 and ISO 45001 certification. Quality, Environmental and WHS policies. Management review and continuous improvement.

Project-specific controls

Relevant SWMS selected by scope. Risk registers and permits applied as required. Inspections, toolbox talks and inductions.

Procore records

RFIs, submittals, photos, inspections, observations, defects and close-out evidence retained in Procore.

Supporting plans

HSEQ Site Management Plan, Emergency Response Plan, Falls Rescue Plan, Excavation Management Plan and COVID-19 Safety Plan.

Ashburton Certified Quality ISO 9001

Ashburton Certified Environmental ISO 14001

Ashburton Certified Safety ISO 45001

JASANZ

Detailed policies, certificates and management plans can be provided as supporting appendices where requested.

WHY CHOOSE BCG

What sets us apart

100 % Aboriginal owned

Strong cultural foundations and genuine community connection.

Reliable delivery

Practical construction management and hands-on site coordination.

HSEQ maturity

ISO certified system with policies, plans, WHS, registers and project records.

Project control

Procore-supported documentation, RFIs, inspections, defects and close-out.

Flexible capability

Residential, commercial, government, maintenance, remedial, roofing and fit-out.

Long-term focus

Committed to building a strong company that supports communities and partners.

2	major residential projects
125	apartments delivered
$73M	combined value

Photo gallery: Adore high-rise residential and Marquee on Meron medium-rise residential projects

Adore

74 apartments | 14 storeys | 2 basement levels | $45M | 20 months

Marquee on Meron

51 apartments | 9 storeys | 2 basement levels | $28M | 16 months

Relevant capability: residential project management, subcontractor management, programme control, quality assurance and handover.

PROJECT CASE STUDY

High Rise Residential

Adore

Location
Southport, QLD

Value
$45M

Sector
High Rise Residential

Project Scope

Project management of a 14-storey mixed-use residential development comprising 74 apartments, mixed business use and two-level underground basement carpark.

Outcome

Managed delivery across a 20-month construction timeframe, coordinating high-rise residential works, basement interfaces, subcontractors, programme controls and handover requirements.

PROJECT CASE STUDY

Medium Rise Residential

Marquee on Meron

Location
Southport, QLD

Value
$28M

Sector
Medium Rise Residential

Project Scope
Project management of a 9-storey residential apartment development comprising 51 apartments and two-level underground basement carpark.

Outcome
Managed completion through structured project controls, subcontractor coordination, safety and quality management, documentation and close-out. Delivered in 16 months.

SUSTAINABILITY & ESG

Building responsibly

BCG integrates environmental, social and governance principles into its operations, focusing on responsible delivery, safety, community value and transparent governance.

Environmental

Sustainable sourcing, waste reduction, efficient material use and practical site controls to reduce environmental impact.

Social

Safe and inclusive workplaces, local employment opportunities and support for Indigenous participation in construction.

Governance

Ethical conduct, transparent reporting, risk management, compliance and continuous improvement across project delivery.

Tender relevance

ESG commitments can be tailored to client requirements, project location, procurement targets and community outcomes.

Community & Social Impact

As an Indigenous business, BCG is committed to creating meaningful employment, training and participation opportunities for Aboriginal people.

Community outcomes

Stronger local communities, long-term social value and meaningful project outcomes beyond construction.

Participation

Support for Indigenous participation, training and pathways into construction opportunities.

Values

Respect for Country and culture, accountability, collaboration, transparency and pride in workmanship.

Future focus

Building for future generations through sustainable growth, strong partnerships and reliable delivery.

Bidjigal Group acknowledges the Traditional Custodians of the land we work on, the Bidjigal People of the Eora Nation. We pay our respects to Elders past, present and emerging.

OUR VALUES

How we work

Our values guide how BCG engages with clients, manages projects, supports communities and delivers construction outcomes safely and professionally.

Respect for Country and Culture

We acknowledge Country, honour cultural foundations and approach our work with respect for people, place and community.

Accountability in Delivery

We take ownership of our commitments, manage risks proactively and focus on delivering what we promise.

Collaboration and Transparency

We work openly with clients, consultants, subcontractors and stakeholders to support clear communication and shared outcomes.

Pride in Workmanship

We value quality, attention to detail and practical construction standards that reflect well on our team and our clients.

Building for Future Generations

We aim to create long-term value through sustainable growth, meaningful opportunities and positive community outcomes.

Commitment to Safety

We place safety at the centre of project delivery through planning, consultation, site controls and continuous improvement.

These values are intended to be reflected in both project delivery and the way BCG builds relationships with clients, communities and delivery partners.
